ONE BOOK ONE COMMUNITY

Christina Henriquez

HILL 202

Thursday, November 2nd

6:30PM

The Book of Unknown Americans tells the stories of Latino immigrants, living legally in Delaware, and of their family lives, aspirations, struggles, successes and failures – their lives revealing the dreams and the dangers of the immigrant experience. “Immigration is obviously an important national issue – it has been for several years, and no doubt will continue to be part of the diversity narrative in the United States,” said Kevin Fitzpatrick, co-chair of the One Book, One Community committee. “It is part of our mission to select books that help people in the campus and local community to better understand, engage in discussions and make decisions on these important issues.”
